Create Service Instance

| Date	03 Nov 2022
Team ID	PNT2022TMID45200
Project Name	Virtual Eye - Life Guard For Swimming Pools To Detect Active Drowning
Maximum Marks	4 Marks

- Log in to My IBM Cloud account, and click on Catalog
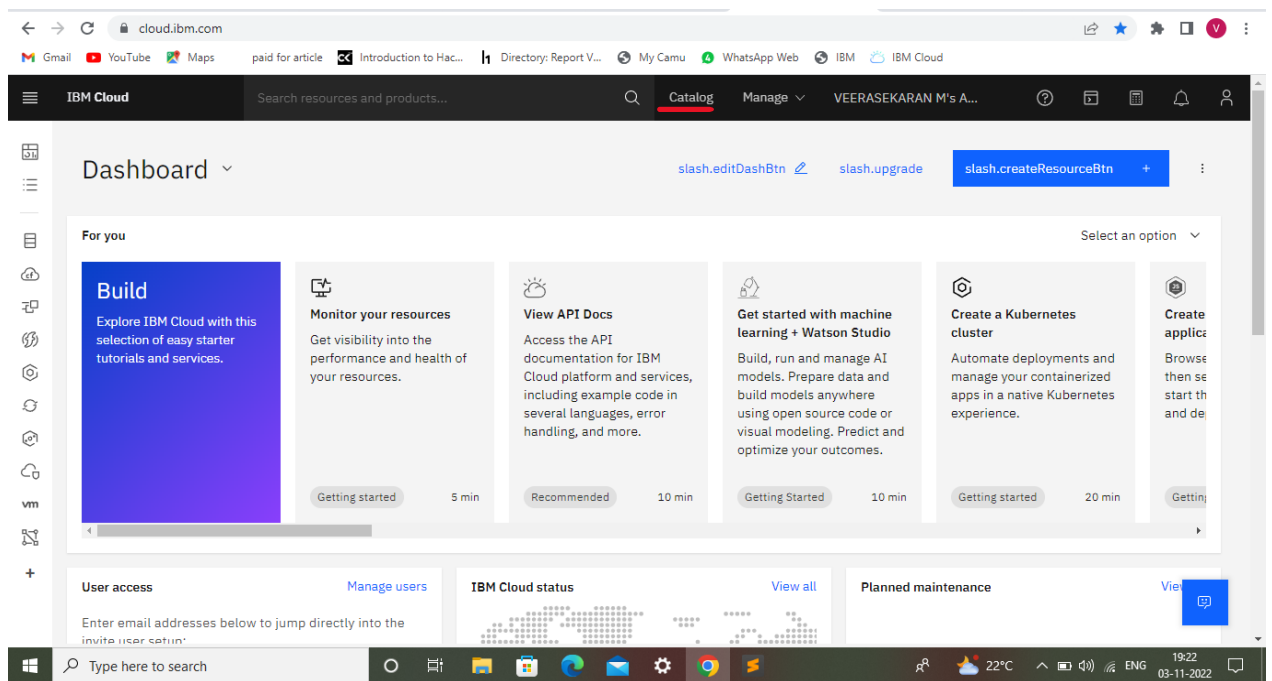

- Type Cloudant in the Search bar and click to open it.

- Select an offering and an environment
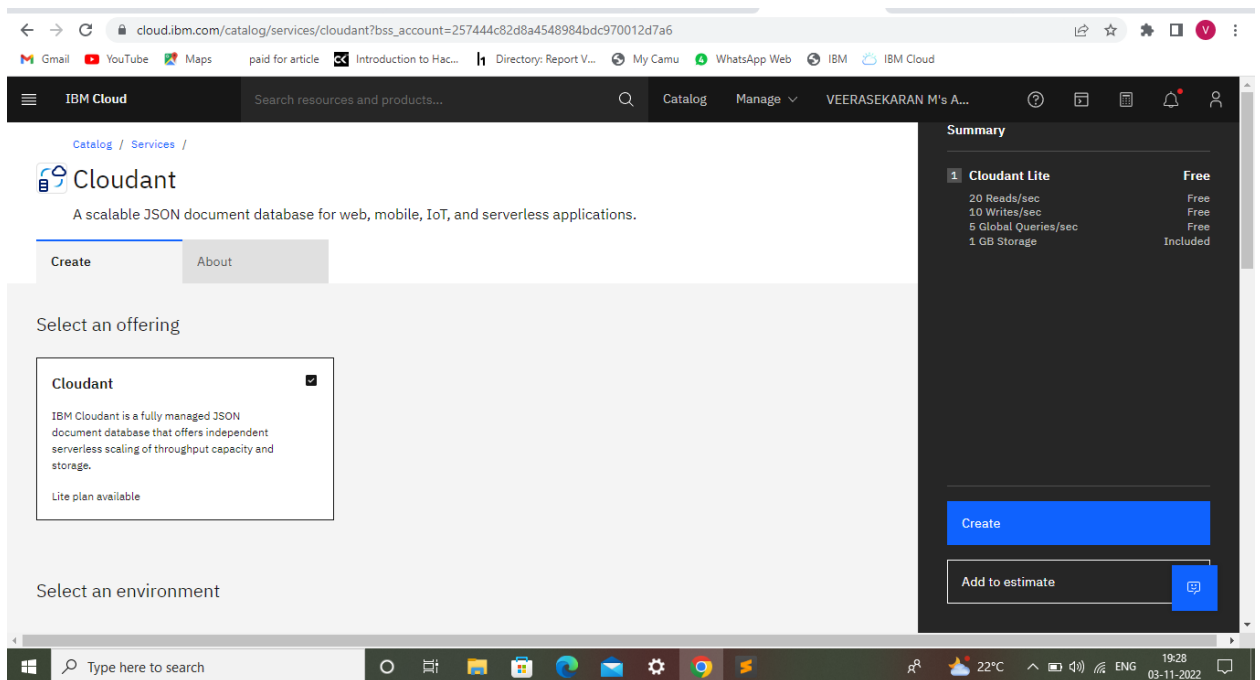

- Select region as Dallas & Type an instance name then click on create service.

- After you click create the system displays a message to say that the instance is being provisioned, which returns you to the Resource list. From the Resource list, you see that the status for your instance is, Provision in progress.

- When the status changes to Active, click the instance.

- Same procedure followed by my team members
